

Join Transition Victoria for a public discussion...

FEEDING OURSELVES IN A FUEL-SCARCE WORLD

As we approach the end of cheap oil,

What is our
vision of a
healthy,
vibrant
food
culture?

Who will
grow our
food?

Where and
how will it
be grown?

What will
Victoria's
food systems
look like 20
years from
now?

What will
we eat after
peak-oil?

How do we
get there
from here?

**7pm Monday November 30th
Solstice Cafe - 529 Pandora Street**
