- 5:15 Join us for a glass of wine and some snacks

\$25 per person – Price includes a glass of wine and snacks

WHO SHOULD ATTEND?

We are hoping to connect with decision-makers in community social services agencies that can help move forward an agenda of strengthening the sector through awareness and connection. EDs, active board members and stakeholders.

REGISTER BY MAY 2, 2011

Please RSVP to: michele@ink-well.ca
If you need to cancel after the registration deadline, we will need to invoice your agency the cost of the registered space. Solution? Ask a colleague to attend in your place

We are pleased to present: Dr. Michael V. Hayes
Director of Health Education and Research, UVic

A new addition to UVic's faculty, Michael Hayes is fast becoming one of Victoria's most popular speakers. If you haven't heard him yet, you're in for a treat. Hayes is the inaugural Director of Health Education and Research at UVic and has appointments in the School of Public Health and Social Policy, in the Faculty of Human and Social Development, in the Division of Medical Sciences, as well as the Department of Geography.

Hayes' research interests include social geographies of health, disabilities, health literacy and media, and health and public policy. He has been the principal investigator of several studies including the Urban Structure, Population Health and Public Policy Project, a three-year study that estimated variations in health status throughout the Vancouver census area.

Join us for what is sure to be an up-lifting afternoon.
